

# ULR-Baseline vs P-ULR-Seq — Computation Time Comparison

● Terminating ● Non-terminating ● Timeout P-ULR-Seq ● UNKNOWN ● Not supported by P-ULR-Seq

## Summary

| Category                   | Count | ULR-Baseline (ms) total (s) | P-ULR-Seq (ms) total (s) |
|----------------------------|-------|-----------------------------|--------------------------|
| Terminating (common)       | 3531  | 1309.64                     | 328.63                   |
| Non-terminating (common)   | 1088  | 47.13                       | 3.23                     |
| Timeout P-ULR-Seq          | 0     | —                           | —                        |
| Unknown                    | 0     | —                           | —                        |
| Not supported by P-ULR-Seq | 38    | —                           | —                        |
